

# High-Performing Team Insights Workshop

90-Minute Workshop | \$40/pp

## Workshop Description

Every team experiences its work differently, and when everyone is running hard in their own lane, small disconnects can go unnoticed until they show up as friction or duplicated effort. This session helps teams pause before that happens, realign quickly, and clarify what matters most.

Through a short, Team Performance Insight Assessment and a customized report, teams get a clear picture of strengths, patterns, and alignment opportunities across 10 key areas.

This virtual Zoom workshop brings the team together to interpret the insights and set practical priorities for the new year, perfect for busy teams who want clarity without another heavy initiative.

**BONUS:** Team leads get a free copy of [Leading Curiously](#).

## Workshop Highlights

### This session helps teams:

- See their work through a shared, neutral lens
- Surface strengths, alignment points, and opportunities
- Strengthen communication, psychological safety, and clarity of expectations
- Choose focus areas that elevate performance and cohesion

### In this 90-minute experience, teams will:

1. Review their Team Performance Insight Assessment results
2. Explore where experiences align and differ
3. Identify what's supporting momentum and what's creating friction
4. Select key behaviors and Q1 focus areas
5. Build a clear, practical action plan for 2026

**This low-prep session gives teams a supportive, data-driven way to realign, refocus, and step into 2026 with clarity and shared commitments. Want to start 2026 aligned and energized? Email me: [andrea@performore.biz](mailto:andrea@performore.biz) with Subject: High-Performing Team Workshop**
